Agenda and proposed resolutions

1. Consideration and discussion of the special report of the Board of Directors in accordance with article 604 of the Belgian Companies Code relating to the renewal of its authorization with respect to, and the increase of, the authorized capital.
2. Authorization to the Board of Directors to increase the share capital within the framework of the authorized capital by up to 20% of the share capital.

Proposed resolution: The Shareholders' Meeting resolves to delete sections (1) through (3) of the temporary provisions of the articles of association of the Company entirely and to replace them with the following text:

"Authorized capital

The board of directors has been granted the authority to increase the share capital of the Company, in accordance with articles 603 to 608 of the Companies Code, in one or several times, to the extent set forth hereafter. This authorization is valid for a period of five years from the date of publication of this authorization in the Annexes to the Belgian State Gazette.

Without prejudice to more restrictive rules set forth by law, the board of directors can increase the share capital of the Company in one or several times with an amount of up to €[●], i.e. 20% of the share capital at the time of the convening of the shareholders' meeting granting this authorization. In accordance with article 607 of the Companies Code, the board of directors cannot use the aforementioned authorization after the Financial Services and Markets Authority (FSMA) has notified the Company of a public takeover bid for the Company's shares.

The capital increases within the framework of the authorized capital may be achieved by the issuance of shares (with or without voting rights, and as the case may be in the context of a warrant plan for the Company's or its subsidiaries' personnel, directors and/or independent consultants), convertible bonds and/or warrants exercisable by contributions in cash or in kind, with or without issuance premium, and also by the conversion of reserves, including issuance premiums. Aforementioned warrant plans can provide that, in exceptional circumstances (among others in the event of a change in control of the Company or decrease), warrants can be exercised before the third anniversary of their award, even if the beneficiary of such warrants is a person referred to in article 520*ter*, 524*bis* or 525 of the Belgian Companies Code.

When increasing the share capital within the limits of the authorized capital, the board of directors may, in the Company's interest, restrict or cancel the shareholders' preferential subscription rights, even if such

restriction or cancellation is made for the benefit of one or more specific persons other than the employees of the Company or its subsidiaries.

The board of directors can ask for an issuance premium when issuing new shares in the framework of the authorized capital. If the board of directors decides to do so, such issuance premium is to be booked on a non-available reserve account that can only be reduced or transferred by a decision of the shareholders' meeting adopted in the manner required for amending the articles of association.

The board of directors is authorized to bring the Company's articles of association in line with the capital increases which have been decided upon within the framework of the authorized capital, or to instruct a notary public to do so."

3. Authorization to the Board of Directors to increase the share capital within the framework of the authorized capital by up to 50% of the share capital, in specific circumstances.

Proposed resolution: The Shareholders' Meeting resolves to add a new section to the temporary provisions of the articles of association of the Company, as follows:

"Use of authorized capital in specific circumstances

The board of directors has been granted the authority to increase the share capital of the Company, in accordance with articles 603 to 608 of the Companies Code, in one or several times, to the extent set forth hereafter. This authorization is valid for a period of five years from the date of publication of this authorization in the Annexes to the Belgian State Gazette.

In accordance with article 607 of the Companies Code, the board of directors cannot use the aforementioned authorization after the Financial Services and Markets Authority (FSMA) has notified the Company of a public takeover bid for the Company's shares. The maximum amount with which the share capital can be increased in the framework of the authorized capital as mentioned in this temporary provision of the articles of association, is to be reduced by the amount of any capital increase realized in the framework of the authorized capital as mentioned in the preceding temporary provision of the articles of association (if any).

The capital increases within the framework of the authorized capital may be achieved by the issuance of shares (with or without voting rights, and as the case may be in the context of a warrant plan for the Company's or its subsidiaries' personnel, directors and/or independent consultants), convertible bonds and/or warrants exercisable by contributions in cash or in kind, with or without issuance premium, and also by the conversion of reserves, including issuance premiums.
